Executive Committee, SBC

Purpose

1. To encourage five (5) churches in the region to grow through prayer & planning on church planting/missions in network.
2. To encourage small church pastors to join in the networking fellowship for new pastoral leadership paradigm shift.
 - Spirit-filled pastoral leadership is the key in the ministry to build the church with the vision
 - Let their congregations catch their Pastor's vision on church planting/missions for church growth
3. To encourage the networking churches to reproduce a new church plant together each year
 - In church plant & mission the homegrown lay leaders are the key in a team with a young pastor to reproduce a new church plant with the initial financial support for one time
 - God causes church to grow through planting a church in team (1 Corinthians 3:6).

Implementation

1. The five networking fellowship churches on a project in church plants & missions
 - a) Monthly pastors' fellowship for testimony
 - b) Monthly fellowship with lay leaders of each church to support their pastors
 - c) All five churches enjoy for picnic and short-term mission trip annually for fellowship
 - d) Develop in unity among five churches in cooperation on church plants & missions project for strength and encouragement
 - e) In every year all five networking churches to reproduce a new church plant together at home or abroad together
 - Set the inaugural worship date in advance as the target celebration to attend the inaugural worship service
 - This new vision will encourage the entire churches in their region

- After the first project is done in one year for a new church plant as missions together, they can set the next project and so forth as it fits for the five networking churches to grow

2. The length of project - It is a yearlong project to repeat as long as this project helps them.

3. Monthly fellowship - get together to share their testimony of their project with much prayer for the work of the Holy Spirit to fulfill the Great Commission
